Availability:

Generally, Bryant Field will be available for use from September to the end of April. The City of Marysville reserves the right to cancel scheduled events at any time due to inclement weather or potential harm to the fields and facilities or other unforeseen circumstances. The City will make every effort to keep event organizers informed of anticipated cancellations. Please see Use Considerations section for further details.

If the City cancels an event due to reasons beyond the control of the Event Organizer, then all fees will be subject to refund consideration. If an event is cancelled due to a failure of the Event Organizer to meet the requirements of these Guidelines (or other pre-agreed upon conditions), then all fees paid shall be considered non-refundable.

Alcoholic Beverages: All sales of alcoholic beverages require a permit by the California Department of Alcoholic Beverage Control and a City permit issued by the Marysville Chief of Police.

Vendors: Commercial vendors must pay a fee of 20% of gross sales, or a pre-negotiated flat fee, to the City.

Security: The City reserves the right to mandate security for any event. Security needs will be assessed on an event-specific basis. Generally, private security, if required, will be bonded and licensed by the California Department of Consumer Affairs. For some events, the Chief of Police or his designee may require members of the Marysville Police Department. When City police officers are required, the event will be billed in accordance with the City of Marysville Fee Schedule.

Other Emergency Services: The City reserves the right to review all event plans and mandate the presence of emergency service providers such as fire and medical aid. In all cases the Event Promoter is responsible for the provision of appropriate emergency service coverage.

Insurance: All users of the facility must provide proof of event-specific insurance coverage that meets current City insurance standards and names the City of Marysville as an additional insured entity as approved by the City Attorney.

Facility Status: Unless otherwise agreed upon in writing, the Bryant Field facility is available “as is”. The City will provide the facility in a clean and functional state and assumes no responsibility to change or improve the facility. Users may not change the facility without prior written permission of the City.

Non-Allowed Uses: No motor vehicles will be allowed within the facility without express permission of the City Services Director.

Uses that damage, or could potentially damage, the fields or unreasonably disturb the surrounding community, will not be permitted.

Periods of Non-Use: Due to the needs of the fields or scheduled maintenance, there will be times when the facility will be closed to most or all uses. These periods of non-use take precedence over facility rental.

Variations: The City reserves the right to modify costs and conditions for the use of Bryant Field. Large and/or recurring events may be subject to special fees and cooperative agreements.

Fee Waivers: The City will not waive any fees for use of facilities without a cooperative agreement or satisfaction of conditions of our fee waiver application prior to the event. In no case will the city absorb “hard costs” associated with an event not formally sponsored by the City. “Hard costs” are defined as costs paid directly to a third party. The City of Marysville Fee Waiver policy will be in effect.

MAXIMUM NUMBER OF PATRONS ALLOWED:

SECURITY

The City of Marysville requires appropriate security during the use of Beckwourth Riverfront Park. This is a key issue and all aspects of this chapter must be met. The Chief of Police, or his designee, has the responsibility to approve security plans.

A. Security Plan

The Security Plan is a detailed description of the event and site illustrating, at minimum, the location of backstage area, the gates, medical personnel, ticket booths, money takers, concessionaires, and alcohol sales. The Security Plan must also detail the security company's name, address, phone number, copies of State License, business license, and evidence of insurance and bonding. The Security Plan must show the number and type of security personnel at each location, scheduling (if more than one shift), communications plan, and plan for Police contact.

An approved Security Plan should be submitted within fifteen (15) days prior to the event to the Chief of Police, or his designee, and the Facility Contact.

The Security Plan should also address the following:

1. Fixed security post locations (gates, specific venue locations, etc.);
2. Description of uniforms to be worn;
3. In areas where alcoholic beverages are to be served, the specific method of precluding minors from access to the alcoholic beverages (e.g., wristbands, hand stamping, physical barriers, ID check);
4. Any vehicles to be utilized by security personnel, including type, markings, and specialized equipment

B. Police Department Personnel

The Marysville Police Department, upon advance payment, may furnish uniformed officers to be present at large gatherings at the Mervyn's Feather River Pavilion. The duties of these officers are confined to maintenance of the peace, enforcement of state and local laws, and protection of life and property. The Chief of Police can modify any of these provisions for any event.

Certain duties will not be performed by City Police Officers. They include, and are not limited to:

1. Ticket taker or seller;
2. Checking for unauthorized materials in ice chests or bags;
3. Gate guard;
4. Parking attendant

The Police Department supervisor or Chief of Security assigned to each event shall be contacted and advised of any problems that could affect the safety and well being of people and property. A Central Command Post Area will be established as authorized by the Chief of Police for facilitation of public safety operations.

The Chief of Police and/or any Police official may, at their discretion, enter any area of Beckwourth Riverfront Park at any time.

A. Security Guards

1. Definition

Security guards are those personnel employed by a security company licensed by the State of California to perform commercial event security services who wear a distinctive uniform approved for use in the City of Marysville by the Chief of Police per section 2.48.520 of the Marysville Municipal Code. 2. Number Required

Fifteen (15) private security personnel will be required for the first 3,000 patrons, and three (3) private security personnel will be required for every 1,000 patrons thereafter. Depending on the event, the Chief of Police may adjust this requirement for the use of private security personnel to meet the Police Department's and the Facility's operating criteria.

changes or modifications to these requirements must have prior written approval by the Chief of Police. In NO instance may a yellow shirt be worn by security personnel.

4. Duties

The duties of the security personnel shall be assigned by the Chief of Security. The event promoter may suggest additional areas for security to the Chief of Security. It is suggested that the private security duties include:

- A. Backstage security;**
- B. Gate and perimeter security;**
