
CITY OF MARYSVILLE, CA

Date: July 2020

CLASS TITLE: Lead Maintenance Worker

JOB CODE: xxxxxx

WORKING TITLE: Lead Maintenance Worker

FLSA STATUS: Exempt

REPORTS TO: Public Works Director

HIRING STATUS: Career

DEFINITION

Under general supervision of the Public Works Director, performs a variety of semi-skilled and/or skilled tasks in parks, facilities, water, stormwater, wastewater, streets operations, maintenance, repair and/or construction work including providing lead worker assistance to supervisory and/or management staff as appropriate to the department. Exercises direct field supervision over crews engaged in public works operations, service, maintenance, and repair.

SUPERVISION RECEIVED

The Lead Maintenance Worker works under the general direction of the Public Works Director's position.

SUPERVISION EXERCISED

The Lead Maintenance Worker is a working supervisor position. The position exercises direct supervision over crews engaged in the service, maintenance, and repair in various departments/divisions.

DISTINGUISHING CHARACTERISTICS

Positions assigned to this class are distinguished from the class of Maintenance Worker I/II and/or Senior Maintenance Worker by the performance of more skilled and complex assignments, and the requirement to supervise city crews in the capacity of lead-worker. A Lead Maintenance Worker Supervisor may, however, also be required to perform duties similar to those customarily performed by a Maintenance Worker I/II and/or Senior Maintenance Worker. Work assignments also may involve considerable skill in various construction and mechanical crafts, and the operation of heavy construction and maintenance equipment.

EXAMPLES OF DUTIES (Illustrative Only)

Assigns and reviews work of wastewater collections, senior and maintenance workers I/II and seasonal staff; trains, supervises, and reviews work of assigned staff; provides input into performance evaluations and performance issues;

As related to assigned Department: Motorized vehicles and equipment such as dump trucks, pick-up trucks, utility vans or trucks, tanker trucks, aerial trucks, brush chippers, forklifts, backhoes, wheel loaders and tractors; tampers; chain saws; pumps; compressors; sanders; generators; sign making equipment, hydraulic cleaning equipment, vacuum excavator vehicles, common hand and power tools; traffic control devices; telephones; radios and personal computers.

PHYSICAL DEMANDS

The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of the job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

Requires the maintenance of physical conditioning necessary to operate motorized equipment and vehicles. While performing the duties of this job, the employee is regularly required to use hands to finger, handle, feel or operate objects, tools or

controls and reach with hands and arms. The employee frequently is required to stand; talk and hear; walk; sit; climb or balance; stoop, kneel, crouch or crawl; and smell.

The employee must frequently lift and/or move up to 25 pounds and occasionally lift and/or move up to 100 pounds. Specific vision abilities required by this job include close vision, distance vision, color vision, peripheral vision, depth perception, and the ability to adjust focus.

WORK ENVIRONMENT

The employee regularly works in outside weather conditions. The employee frequently works near moving mechanical parts and vehicles and is frequently exposed to wet and/or humid conditions and vibration. The employee occasionally works in high, precarious places and is occasionally exposed to fumes or airborne particles, toxic or caustic chemicals, and risk of electrical shock. The employee may be required to work night, early morning, or weekend hours, depending on workload factors, in addition to normally scheduled work hours. The noise level in the work environment can be loud. In addition, when working with wastewater collections, may have contact with sewage, hazardous traffic situations, high-pressure water and hazardous chemicals.

SELECTION GUIDELINES

Formal application, rating of education and experience; oral interview and reference check; job-related tests may be required.

The duties listed above are intended only as illustrations of the various types of work that may be performed. The omission of specific statements of duties does not exclude them from the position if the work is similar, related or a logical assignment to the position.

This position description does not constitute an employment agreement between the City of Marysville and any employee and is subject to change by the City as the needs of the City and requirements of the position change, in accordance with applicable MOU provisions.
