

**City of Marysville**  
**Reconnection Communities Request for Proposal Questions**

1. The RFP indicates that proposals shall include hard copies as well as electronic copies. Will the City consider allowing proposers to submit the proposal and cost proposal electronically via email (PDF and Word files, as applicable), in lieu of printed submittals?

There is a federal requirement of the City's grant that requires all cost proposals to be submitted in a sealed envelope. The City is not allowed to open the cost proposals until a consultant has been selected. Therefore, please submit one printed copy of the response to the RFP and a separate copy of the cost proposal in a sealed envelope. Please do not send the cost proposal electronically.

2. Would the City like any community outreach activities in the proposed Scope of Work? If so, please provide some direction on the desired level of engagement.

The Sacramento Area Council of Governments (SACOG) has separately received a grant to assist in public outreach as part of this grant. The City will be working with SACOG to determine the level of outreach needed for the City's work effort. Therefore, the selected consultant does not need to budget for outreach. It is expected that the selected consultant will work with the City and any SACOG subrecipient outreach consultants on coordinating public meetings or outreach such as project information brochures etc.

3. Section 2 (Statement of Qualifications and Experience and List of Vital Personnel) and Section 7 (Project Team and Organizational Structure) request overlapping information, including the organizational chart and descriptions of staff responsibilities. Would the City prefer proposers to restate this information in both sections for completeness, or to address it once and reference it in the other section as appropriate?

There is no need to state the information twice. Please just reference where the information can be found.

4. Can I get a copy of any addenda that have been released to date?

This is the only addenda to date and will be posted on the City's website.

5. What is the estimated construction budget?

A copy of the grant scope of work is attached. Please note the response to question number 2 above. The city will make its selection based on qualification.

6. Can I get a copy of the plan holder's list?

It is assumed that this question is asking who the city sent the RFQ out to. It was sent to transportation consultants and copy of the RFQ was posted to the City's website.

7. Do you have Union Requirements?

There are no union requirements as part of the grant.
